What Kenex does

Kenex Konsults International helps organisations recruit people, manage workforces and improve how their teams operate.

Recruitment

Local and international sourcing, screening, shortlisting and placement.

Manpower supply

Technical and operational staffing for projects and ongoing operations.

HR and advisory

HR outsourcing, business structuring, policies and performance systems.

Sales and training

Sales outsourcing, business development and practical team training.

Vision, mission and promise

1 Vision

To be a leading consulting and project services company delivering world-class manpower, engineering and human capital solutions across energy, infrastructure and enterprise sectors.

2 Mission

Our mission is to provide competent and performance-driven manpower, engineering and consulting solutions by combining technical expertise, strong people systems and global best practices to support sustainable projects and business growth.

3 Brand promise

A trusted partner for workforce excellence and project delivery.

Core values

Safety first

Zero harm to people, assets and environment.

Compliance & integrity

Regulatory, ethical and professional excellence.

Excellence in workforce & delivery

Right people, right skills, right execution.

Local content commitment

Developing Nigerian talent and capacity.

Accountability

Ownership of results and responsibilities.

Innovation & continuous improvement

Adapting to industry needs.

Technical manpower

We have supplied technical manpower and collaborated on major oil and gas and construction projects.

1 Oil and gas project references

Portfolio references include Slot Engineering work associated with NLNG and SPDC, and a BGAM Logistics engagement linked to a Chevron project in Delta State.

2 Construction and engineering

We supply technical and site personnel for construction and engineering assignments. We agree role requirements, screening criteria and mobilisation arrangements with the client.

3 Specialist recruitment briefs

The NLNG Bonny brief covered senior instrumentation and control inspectors, design engineers and a modeler.

Local and international hiring

We recruit across industries, from specialist appointments to workforce requirements that span multiple roles.

1 Saudi Arabia

Our international recruitment portfolio includes Bin Quraya Construction Company Ltd in the Saudi construction sector.

2 The Netherlands

Our portfolio also records recruitment activity in the Netherlands.

3 Nigeria

For Abech Resources Global, Kenex filled four roles across operations, sales, media and administration.

Workforce support across sectors

We serve clients across industries and tailor the scope to each employer, site or business objective.

1 Industries we serve

Oil and gas, marine, construction, engineering, real estate, healthcare, hospitality, retail, logistics and professional services, among others.

2 Business and HR consulting

We help clients define reporting lines, document procedures, set performance expectations and establish HR systems that managers can use.

3 Sales and workforce development

Kenex Business School supports practical training. We also help clients build sales teams, develop offers and manage their sales pipelines.

Flagship initiative

PH Career Connect & Job Fair

A Kenex initiative that connects employers, job seekers and business leaders in Port Harcourt.

1 For employers

Meet candidates, promote vacancies and engage directly with the talent market.

2 For professionals

Explore career opportunities, learn from employers and build professional connections.

3 For partners

Support workforce development and connect with employers and professionals across sectors.
